We all at FL Â® have a great musical career, and we are looking forward to many more years of all round fun on FL Â®. BON APETIT This recording is a must for all cello lovers. It contains some of the best music for cello ever written by the son of the legendary composer, Leopold Godowsky. This is a set of music for solo cello and it contains plenty of fast tempos and many much more difficult passages and a lot of technical difficulties. The pieces are all written in a tonal language which makes them very expressive. This is especially noticeable in the first two movements. Moreover, I haven't found anything that can be compared to the music of the second and third movements of the so-called second sonata for cello, Op. 74 No. 2, which require remarkable stamina and precision in the performance. In fact, the cellist has to possess a special talent for this sonata, which is already opus number 74
